## SQUARE "ERMITA"

We present the jewel of the Country House, the chapel located in the square that houses the main entrance to the farmhouse building, where we can welcome our guests.

The chapel is not consecrated, so we could hold a small meeting or lunch inside.

## TERRACE "MASÍA"

With the façade of the Country House in the background, we find the courtyard that opens up to views of the countryside and the two rooms that complete the venue. Here we can offer an aperitif before lunch or dinner or a cocktail accompanied by buffet-style corners, enlivened with live music.

A delight for our guests.

# CUISINE

High-quality cuisine under the direction of renowned chef Jordi Vilà (1 One-Michelin-star chef) offers a fresh menu made with local products, showcasing Catalan cuisine in many of its dishes.

A great opportunity to try something different and surprise our guests.

# SQUARE "LA FUENTE"

In the fountain square, located in the courtyard of the Virgili Room, we offer a unique outdoor space ideal for hosting dinners under the stars, surrounded by nature, with seating for up to 160 guests in banquet style. Both long and round tables are available to suit the desired event format. The spacious outdoor terrace can accommodate up to 160 guests seated in banquet style.

# VIRGILI ROOM 1

The Virgili Room is an open-plan space with a glass wall offering views of the landscaped outdoor areas, ideal for hosting gala lunches or dinners for up to 250 guests seated in banquet style.

Both long and round tables are available to suit your preferred layout.
